

X2O Xaviars on the Hudson

It is with a heavy heart and profound sadness we announce the closure of X2O Xaviars on the Hudson.

Since opening this venue in 2007 after 6 years of construction and design I have had the distinct honor of welcoming and cooking for our many loyal guests. I would like to think that we made a significant impact on the revitalization of The City of Yonkers, my birthplace! We were proud to support our city's schools, hospitals, children, arts, education initiatives, police, fire departments and the many non-profit organizations that make such a difference in the lives of the residents of Yonkers.

There comes a time when reality overtakes the hopes and aspirations of a business, unfortunately this is that time.

Please accept my sincere appreciation for the many years of support and for allowing me to be a part of your family's most important life celebrations.

I thank my staff for all the commitment to our goals and for supporting me through the thick and thin of this crazy hospitality world we now live in. My front of the house staff & my culinary team have known only one expression "*The difficult we do immediately; the impossible takes a little longer.*"

My mission statement put to paper on our founding in 1983 was "To exceed guest expectations 100% of the time". Unfortunately there have been times when we did not hit that mark, but please know that we always strived to achieve that spirit.

Until our paths cross again, Bon Appetit!

Peter X. Kelly
